

FAQ AND CURRICULUM

DO I NEED TO DO ANYTHING BEFORE I START THESE SESSIONS?

All you need is to be a regular user of computer devices and the internet. No previous IT networking experience required. There are suggested YouTube Videos to watch prior to the classes.

SHOULD I COMPLETE THE ACADEMY COURSES IN ORDER?

We would recommend if you have no Networking Experience to complete courses for you to have the best learning experience. We would recommend if you have no networking experience to complete the Introduction to Future Networking (course 1) before attempting course two - Building Secure and Robust Wireless Networks.

HOW DO I WATCH THE SESSIONS?

Live stream on the Extreme Networks YouTube Channel. Instructor led, with live expert Q&A panel. You can join from any internet connected computer.

WHAT HAPPENS IF I MISS A SESSION?

All live classes will be posted onto our YouTube Channel as an on-demand viewing option, for anyone who needs to review the content.

WHAT WILL I LEARN ON THIS COURSE?

Course 1 - Introduction to Future Networking. This introduction to Networking you will cover the fundamentals of how networks work, with the latest technology and a view into the future.

Course 2 - Building Secure and Robust Wireless Networks. The Wireless World of Networking will be explained, taking a deeper dive into how it all works and touching on subjects such as security and what the design best practices are for a robust network.

WHY WOULD I WANT TO LEARN ABOUT NETWORKS? BENEFITS AS FOLLOWS:

- ✔ A recognised qualification that helps you stand out from other candidates
- ✔ Greater job opportunities
- ✔ Learn about the latest technology that will prepare you to hit the ground running in your next job
- ✔ Links with the industry and a Leader in Cloud Networking
- ✔ Unique, future-proof skills for certified students

WHO ARE EXTREME NETWORKS?

For nearly 25 years, Extreme Networks has been helping customers to advance their digital transformation efforts and deliver progress like never before. Find out more about us on our website, [here](#).

ARE THERE ANY COSTS ASSOCIATED WITH THIS COURSE?

No - Academy Courses are completely FREE.

HOW DO I ACCESS THE TRAINING SESSIONS?

Once registered you will be provided with a calendar invite that will include a link to the training session. No need to login to anywhere, just click the link! The training will be live streamed on our YouTube channel, and you can join from any device. To get the best learning experience we recommend joining from PC or Mac, with a second screen if possible. If not possible, have your mobile available as well for interactive questions and chat.

WILL I GET A CERTIFICATE AND GIVEN A DIGITAL BADGE?

Yes! Once you have attended all training sessions, you will be given access to the certification exam.

CAN I SHARE MY ACHIEVEMENT ON SOCIAL MEDIA?

Absolutely, we encourage you to share your achievement on social media.

WHY DO YOU NEED TO KNOW IF I AM OVER 18?

We ask this so we know which examination process to enrol you into at the end of the course. We have different systems for those under or over 18 years old due to data retention policies.

WHAT'S INVOLVED IN THE EXAM?

This exam is multiple choice and available to take online. We will provide further instructions when you are ready to take this.

WHAT JOB CAREER OPPORTUNITIES WILL THIS TRAINING HELP ME WITH?

The IT industry is growing and hiring. There are many dynamic companies around, including Extreme Networks and our Partner ecosystem included. Each of our customers also requires staff who understand the latest networking technology which helps them meet their business objectives. This training will help you start or progress a career as an IT Networking Engineer, Network Support Engineer or System Engineer. It could also help to lay a strong foundation for any IT career, both in technical or business roles.

DOES THIS PROVIDE CREDIT TOWARDS MY UNIVERSITY DEGREE?

No, this is a standalone course and certification which will enhance the qualifications on your resume

WHY ARE INDUSTRY CERTIFICATIONS IMPORTANT?

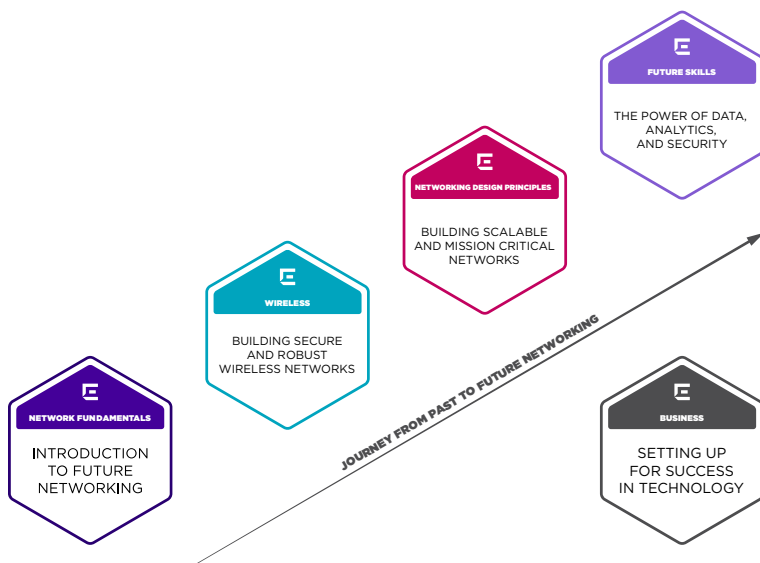

Industry certifications such as the Extreme Networks Associate will help you stand out from the crowd. They complement your formal education and as the IT industry moves at such a pace they show prospective employees that you have the latest knowledge to enable you to be productive from day one in your new job.

I WATCHED ALL THE SESSIONS RECORDINGS; CAN I STILL TAKE THE EXAM?

Sure - we only request you attend the Live Demo session on week 8, everything else can be watched on demand.

WHAT CAN I DO NEXT AFTER THIS COURSE?

Extreme Academy are in development of 5 courses that allow you to continually study. Course 1 and 2 are now live and you can access them on our YouTubeChannel.

OTHER QUESTIONS?
