

Customized Care Anywhere

LENOVO SOLUTIONS IN HEALTHCARE

Intel Inside.[®]
Powerful Solution Outside.

PATIENT ROOM

Optimize patient engagement, streamline workflows, and improve care delivery and accuracy of diagnostics with:

- ⊕ Interactive patient care systems (IPCS)
- ⊕ Mobile tablets and accessories
- ⊕ Workstations compatible with PACS and DICOM monitors

CHECK-IN AND DISCHARGE AREA

Automate and secure patient admissions, billing and payment processes and help visitors navigate healthcare facilities with:

- ⊕ Patient identity solutions
- ⊕ Patient payment systems
- ⊕ Digital signage

DATA CENTER

Boost your IT infrastructure to sustain uptime, BC/DR and the secure connectivity needed to access patient data with:

- ⊕ Servers, storage and networking
- ⊕ Hyperconverged solutions
- ⊕ Cloud services
- ⊕ Security

DIAGNOSTICS (RADIOLOGY/MEDICAL IMAGING)

Enable fast retrieval, storage and viewing of high-resolution medical images for more accurate diagnosis with:

- ⊕ Workstations compatible with PACS and DICOM monitors
- ⊕ Mobile workstations
- ⊕ Mobile tablets and accessories

HOME HEALTH/TELEHEALTH

Support remote patient monitoring, diagnostics and caregiver collaboration anytime, anywhere with:

- ⊕ Mobile tablets
- ⊕ Video/VoIP/collaboration monitor and tower

To learn more about how Lenovo Health can help coordinate and customize care anywhere, contact your Lenovo Health Account Representative or visit Lenovo.com/Health.
